

Prof. Dr. Doina Logofătu

Vorträge

04-2018

9. IEEE Global Engineering Education Conference EDUCON 17-20. April

Doina Logofatu, Christina Andersson, Fitore Muharremi, Egbert Falkenberg: "On Teaching Calculus for Prospective Engineers and Computer Scientists. A Case-Study Monitoring of Six Semester Calculus at Frankfurt UAS"

www.educon-conference.org

04-2018

9. IEEE Global Engineering Education Conference EDUCON 17-20. April

Damian Großkreutz, Doina Logofatu, Anna Schott: "The Impact of Video Clips on Teaching in Technical Study Programs – Learning Faster or Learning Disaster? An approach from the perspective of a „manufacturing technology“ module”,

www.cyprusconferences.org/iccci2017

07-2017

61. World Statistics Congress ISI 16-21 Juli

Christina Andersson, Doina Logofatu: "Cooperative Learning Used in a Multivariate Data Analysis Course"

www.payment.isi2017.org

06-2017

3. IEEE International Symposium on Educational Technology ISET 27-29. Juni

Christina Andersson, Doina Logofatu: "Using a Modified Jigsaw Technique in E-Learning Laboratory Classes for Engineering Students"

www.aimtech.cityu.edu.hk/iset2017

04-2017

8. IEEE Global Engineering Education Conference EDUCON 25-28. April

Doina Logofatu, Barbara Lämmlein, Christina Andersson, Gheorghe Goldenthal: "Prospective Engineers and Children's 'Literature' - an Unusual Approach to Teach Key Competencies",

<http://www.educon-conference.org/educun2017>

Lehre

● MathJudge

Online-Lehrnplattform für das Modul Analysis

● Studium Generale: Kinderliteratur

Studium Generale,
Modul 21

● JavaJudge

Online-Lehrnplattform für das Modul Objectoriented
Programmierung - Java
